ANZ Banking Group Ltd Australia and New Zealand Banking Group Limited, also known as ANZ is among the largest international banks in terms of market capitalization in Australia, others are Commonwealth Bank and Westpac Banking Corporation. Even though, ANZ has its biggest operation in Australia, which includes commercial and retail banking, it is also the largest bank in New Zealand. It also operates in 30 other nations apart from Australia and New Zealand. ANZ world headquarters is located in Melbourne. ANZ was incorporated in the year 1951 after Bank of Australasia merged with the Union Bank of Australia Limited. ANZ offers commercial banking, retail banking solutions and financial services to their clients through their 1,337 branches and offices around the world including Germany, India, UK, China and the US. Some of the offerings of ANZ Bank include standard deposit and lending services, wealth management, credit cards, agribusiness finance and insurance solutions, foreign exchange services to other financial institutions and more. Currently they serve more than 10 million happy customers.
