Queensland Country Credit Union Limited - Australian Finance Directory  
Queensland Country Credit Union began supporting hardworking regional Queenslanders as the Isa Mine Employees' Credit Union Limited in 1971. It grew out of a community call to support the basic banking and small lending needs of employees of Mount Isa Mines Limited and related companies within the MIM umbrella, such as MIM Holdings, Carpentaria Exploration Company, Copper Refineries, Collinsville Coal Company and Townsville Transport Services (TTS). Queensland Country Credit Union offers a full range of banking products and services. These include various types of loans such as personal loans, business loans and home loans. Moreover, Queensland Country Credit Union has partnered up with CGU Insurance Australia to provide a wide range of insurance options such as life & income insurance, home & contents insurance, car & motorbike insurance, caravan insurance, travel insurance, boat insurance, loan repayment insurance, health insurance and landlords insurance. Furthermore, it also offers savings accounts and term deposits accounts. In addition, financial planning is also provided through ClearView. With almost 60,000 Members, 21 branches and the regional Queensland based contact centre it stretches from as far north as Weipa, west to Mount Isa and south to Stanthorpe, and takes pride in helping Queenslanders achieve the goals they set for themselves.
