National Australia Bank National Australia Bank (NAB) is an international banking group operating in Australia, New Zealand, Asia, United States and Europe. It is among the top four financial institutions in Australia in terms of market capitalization and its customer base. In 2014, NAB was ranked 21st largest bank in the world in terms of market capitalization. Currently, the bank operates 1,771 branches and service centres and has 4,578 ATMS in the world serving more than 12.7 million customers. National Bank Limited was incorporated in 1893 and traded as the National Bank of Australia. On October 1, 1981, it merged with the Commercial Banking Company of Sydney Limited and was renamed the National Australia Bank. NAB offers banking and financial services, which includes private health, investment advisory and business banking. For personal banking NAB offers investment accounts, savings accounts and other specialized accounts. In addition, NAB offers various loans such as home loans, personal loans and business loans. It also includes various investment and insurance products, such as asset protection, revenue protection, income protection and more. The company also provides debit, credit, payment, online banking and mobile banking solutions.
