

Bank of Queensland Limited

259 Queen St
Brisbane, Queensland 4000
Australia

Phone: 1300 55 72 72

Bank of Queensland Limited Bank of Queensland Limited is one of the oldest financial institutions of Australia, which has its headquarters in Brisbane, Queensland. At present, the bank has over 250 branches and around 700,000 customers across the country. The bank provides a wide range of banking and financial products, such as home loan, personal loan, insurance, corporate loans, business loans, and so on. The company's online banking services are considered to be one of the best in the industry, and its unparalleled customer's service has helped its customers stay loyal to the bank, even after so many years. Till 1942, the Bank of Queensland as we know today was just a building society and a savings bank, without having the authority to conduct as a trading bank. However, in 1942, the trading bank's license was approved, which helped the bank to provide much broader portfolio of banking and financial products. Currently, the Bank of Queensland provides services in the segment of retail banking, corporate finance, commercial banking, mortgage loans, credit cards and consumer banking. The bank is known to provide exemplary customer support services through online banking and phone banking, and continues to update its product portfolio through promotional offers, which helps in benefitting customers and expanding customer base of the company simultaneously.
