The Northern Trust Company is a Chicago based global bank established by Byron Laflin Smith, which opened for business in 1889. The bank not only survived but also thrived during the Great Depression, two world wars and the 2008 financial crisis. Apart from office spread throughout the U.S., It has offices in 20 international locations through which it serves clients in over 40 countries. Today the Northern Trust Company is a global financial services leader delivering innovative investment solutions and management, asset and fund administration, corporate fiduciary and banking solutions on a global scale. The Australian arm of The Northern Trust Company provides three major services of Wealth Management, Asset Management and Asset Servicing. Wealth management services include services like Investing, Trust and Estate, Banking, Wealth Planning and Family Office to cover the full spectrum of wealth management needs. Asset Management takes into account whether you are an individual, institutional or Financial intermediary investor and then and then provides expertise tailored to the complex challenge faced. Integrity and stability are added in abundance to ensure that specific goals are met. Asset Servicing, basically packs services like Collateral Management and Liquidity Solutions, Global Custody, Investment Risk and Analytical Services, Securities Lending, Transition Management as well as Treasury Services.
