Commonwealth Bank of Australia Commonwealth Bank of Australia is one of the largest banks in Australia, forming one of the top four banks of the country, along with National Australia Bank, Westpac and ANZ. The Commonwealth Bank of Australia was founded in 1911 by the Australian Government, and was listed on the Australian Securities Exchange in 1991. The bank was later completely privatized for better functioning, wider reach, and for enhanced profit generation in 1996. It has a long list of products and services it provides, which includes wealth management, corporate financial services, institutional banking, retail and business banking, superannuation, securities services, investment advisory and services, credit cards, broking services, property and home loans, car loans, insurance, and other related banking services and products. The Commonwealth Bank of Australia is a multinational bank, and has been widening its operation across the globe, with comprehensive operations already running in Fiji, USA, United Kingdom, Asia and New Zealand. The Commonwealth Bank, as it is commonly known, is the largest company listed in the Australian Securities Exchange. The bank aims to provide innovative, flexible and responsive banking services and financial solutions to its customers, and has been redefining the banking sector of the country by launching new and groundbreaking financial products for its individual as well as corporate client base.
