State Street Bank and Trust Company State Street Bank and Trust Company or just State Street is Boston based and is one of the world's largest and most sophisticated financial services organizations. With over 30,000 employees in 26 countries, it serves over 100 markets and is responsible for 11 percent of the world's assets. Offering a full range of institutional financial services and products through its global networks, it has 15 percent of the world's tradable securities pass through its systems on a daily basis. State Street opened its office in Australia in 1986 as State Street Global Services, providing global custody services to Australian clients. Since then, it has become a strong regional hub and center of excellence. State Street employs over 720 staff in Australia. In Australia, Its clients are benefitted from the local knowledge of the ground teams as well as the reach and scale of a global business. Its Australian operation acts as a bridge into Asian markets by providing a base within the Asian time zone that is attuned to US culture, language and business practices. Its client base covers asset managers, asset owners, alternative asset managers, insurance companies as well as official institutions. Working along its clients' ambitions, visions and challenges, it provides with personalized innovative solutions like investment management, investment research and trading, investment servicing and data and analytics.
