Firefighters & Affiliates Credit Co-operative Limited - Australian Finance

Directory Firefighters Credit Union was formed from the idea of the welfare officer from within the Metropolitan Fire Brigade (Mr Fred Tyson) being concerned with the welfare of firefighters and their families facing financial hardships in 1974. After a series of meetings held in early 1975 in the old Eastern Hill fire station flats, a steering committee was formed and the Co-op was finally incorporated in February 1976. Formerly known as the UFU Credit Union it was run on a volunteer basis with assistance from United Firefighters Union. The Credit Union serves all Fire personnel from all types of brigades, e.g. MFESB, CFA, Air Services and their families and friends. Armed with that vision of so long ago and a belief in the benefit of mutual co-operation the Firefighters Credit Union has continued to grow and prosper offering members a comprehensive range of products and services. In 2005 the Firefighters Credit Union merged with the IMG Credit Union. The Board and Management of the Credit Union have seen the need to broaden their membership base for future development and are continuously searching for ways of attracting new members with a view of providing their members with credit union facilities. Members now enjoy most of the sophisticated products and services offered by larger organizations whilst still receiving personal attention. These include Loans, Insurance, Savings Account, Mortgage Breaker and Payroll Deductions. - Yet many more. The Firefighters Credit Union are dedicated and committed to the financial needs of firefighters.
