Over the years the bond has been extended to include all residents of New South Wales and First Choice Credit Union now has over 4000 members. First Choice Credit Union's Main products include Loans (home, car, personal, home equity and overdraft) and Savings Accounts. Moreover, it also provides visa debit card, direct credits and internet banking. A Credit Union is a financial co-operative owned and operated by a group of people who agree to assist each other by saving together and then lending these savings to one another at a reasonable rate of interest. Credit Unions are not-for-profit organizations, run by elected members who form a board of directors. This means that essentially a Credit Union is run by members for members.
